

The summer is rapidly approaching and that means that the Summer Food Service Program (SFSP) is gearing up for another great summer of fun, food and friends! We want to make sure that all kids and teens in Montana hear about the opportunity to find free meals in their area. In order to do this, we need the help of WIC agencies.

By posting this very brief summary about the SFSP on your WIC agency's website, you will help to feed healthy meals to kids across Montana that otherwise may not have heard about the program.

Summary of the SFSP to post on your agency's website:

Free summer meals are available to kids and teens ages 18 and younger at summer meal sites across [city/Montana]. Many sites offer fun learning and recreational activities so kids and teens can stay active and spend time with friends while enjoying healthy meals. Sites are registered with the USDA and are held at safe local places like schools, churches and community centers. If you or someone you know is interested, go to www.tinyurl.com/lunchfun, or text "lunch" to 877-877 to find a site near you.
